Respected Madam/Sir,

          I am Bibin Biju. I'm currently pursuing my first year of B.Tech in Computer Science from St. Joseph's College of Engineering & Technology, Palai.

I came across your Machine Learning internship description posted on LinkedIn and I was super excited and ecstatic that my academic accomplishments meet all of the necessary requirements. I am really interested in doing an internship from your prestigious company. I have solid knowledge of the subject by attending various lectures, online boot camps & webinars which will make me an ideal candidate. This internship would provide me with a top-notch opportunity to assist your company and to expand my knowledge & technical skills. I believe that I would be an asset to your program.

For further reference, kindly check out the attached biodata which list out my academic and other credentials. I look forward to speaking with you. I appreciate your valuable time and consideration.
Thank You.

Yours sincerely,
 Bibin Biju
